Dear Parents, Guardians, Students and Other Parishioners,

Term 1 is off to a great start with lots of happy faces and welcoming smiles. Everyone appears to have had a great holiday so now it’s back to the combination of school routines and adventures in learning.

Staff spent the first day working through our staff handbook of practices, policies and protocols and last Friday we worked with Berry St Education Program looking at how we can engage children who are anxious, traumatised and disengaged. Some of their tools are Brain Breaks so if your child talks about them, look wise and say you realise how important Brain Breaks are! Brain breaks help children take a minute or two to process their thinking and to refocus after a longer work session. They usually involve some fun physical activity that can be done in a minute or two. Many thanks to our families for supporting staff last Friday with care of the children. Berry St is very much in demand for staff training and we could not get them for the first 2 days of any term. We wanted to start early in the term so we could use their strategies all year.

Welcome to all new students, families and staff! Two people that I want to particularly welcome are Ms Iris Ai and Ms Kelli Jacobs. Iris comes to us from Hume Grammar School and will be teaching Mandarin Chinese as our Language Other Than English (LOTE). We hope that the children will come to know and appreciate the Asian culture and language that Iris will be sharing with us. China is set to be a very important trading partner for us as a country in the future. A close look at one Asian language and country prepares the children to successfully understand many of our Asian neighbours.

Kelli comes to us as Bursar from an Office Manager’s position at St Gerard’s. Kelli is just learning the finer points of being a bursar. It’s a big job and a very important one. We have to pay our bills and we have to pay our staff. There is a lot more to do in between! So if you need to see Kelli, about fees or bills, remember she has ‘L’ plates on for the first few weeks. Be patient as she learns the things she needs to learn to do the job really well.

Invitation!
On February 26th we are inviting all families to come along to Sunday Mass at 10:30am. This is a special Welcoming Mass in that the Staff of the School all receive their commission to teach during the Mass. After the Mass we are inviting families to meet the staff and to have a cup of tea or coffee or even better, to bring a picnic and use the oval and the playground for a bit of fun and sharing. We want this to be a time when the grown-ups can meet other parents and also meet their child’s friends.
Have You Bought Uniform?
Last year we farewelled some of our wonderful volunteers who have been running the uniform shop. Now we need to find a couple of people that can give an hour or so a week to manage it. If you are not available on Tuesday or Friday, that isn’t a problem because we can change the days the uniform shop is open. We cannot run the uniform shop as it is without volunteers to look after it. So if you can spare an hour or two around 9am and are happy to help, please let Trixie or myself or Lisa know and we will welcome you with open arms. If we don’t get any helpers, we will have to go with Plan B. However, that might mean that the uniform is a little more expensive!

No Nut Products Please!
We have students in our school who have allergies to certain foods and nuts is high on the list of allergy triggers. So we ask and encourage all of you to think carefully before you send your child to school with Nutella or peanut butter sandwiches or any other product that has nuts as an ingredient. Students cannot swap lunches for that reason and if we see nuts in the lunch, we send the student down to the office to eat sitting where our visitors sit. Then they have to wash their hands!

Keeping All Our Children Safe.
We understand that children love to give others a food treat when it is their birthday. However, in choosing goodies, please be careful there are no nuts in them. Teachers will help the Birthday child to give them out at the end of the day and we ask the children to take birthday treats home in their lunchboxes so parents can check to see if they are OK to eat.

Thank you! Parking is Better!
Just a huge thank you to all our parents and care-givers who are doing the right thing and using the crossing. Thank you for not parking in the Drop-off zone in front of the oval. Children need to know that this is the safest place to cross.

Practice Evacuation Next Week!
Next week, we will practice an evacuation of the school so please do not be alarmed if the children tell you we had a fire at school! We are hopefully, just practising!

Christine Ash
Principal
cash@sedandenongnth.catholic.edu.au

Religious Education News
Welcome back to Term 1 at St. Elizabeth’s 2017! We hope that you were blessed with a relaxing and lovely holiday with your friends and family.

It is good to be back again with the staff and students of this wonderful school community at St. Elizabeth’s. Have you ever wondered about her? St. Elizabeth? Who was she and what did she do? She certainly has had many schools, buildings and churches named after her!

St. Luke the Evangelist, who wrote one of the Gospels in the Bible, tells us the story of Elizabeth. She was Mary’s cousin and had a very special relationship with the Mother of Jesus. What is the significance of Elizabeth’s life for us?
It can be easy to forget that Biblical characters such as Elizabeth were real people who, like many of us, have hopes and dreams. Elizabeth’s greatest longing was to have a child. But many years of marriage to Zechariah produced no children. But was she bitter? Did it affect her faith? No, she kept on believing, hoping and praying. She was a woman of tremendous faith and she never gave up on God.

In her old age, Elizabeth became pregnant with a son. She named him John, following God’s instructions. John was to pave the way for Jesus Christ, the Messiah! Let us be inspired by the steadfast faith of St. Elizabeth!

Term one will be a busy time with many activities and meetings happening over the next few weeks. It is that time when we need to start filling in calendars and diaries with dates and times to keep us up with all that is happening.

**FIRST RECONCILIATION PARENT MEETING: Wednesday 15th February**
Reconciliation Parent Meeting will be at 7.00pm in the Church.
This meeting is for all parents of those children in Year 3 looking to make their First Reconciliation and First Communion over this year. If your child is new to our school community and has been baptized into the Catholic Church and has yet to make either of these sacraments, please get in touch with me over this coming week to enable us to enroll your child for these sacraments.

**OPENING SCHOOL MASS:**
On Friday 17th February we celebrate mass for the start of our school year with the whole school community. We would like to thank all families who are coming to join us. It will be a very special mass as it is the first time the Foundation students participate in a school mass and our House Captains will be announced.

**WELCOME MASS: Sunday 26th February 2017, 10.30am**
The staff of St Elizabeth’s will be formally commissioned by Fr. Tad for our ongoing work in Catholic Education. New and old families will be welcomed to the parish as we begin our new school year. This commissioning will be linked into the 10.30am parish mass and we invite all the school community to join with us for this mass. We will present our Vision Statement that we believe is reflective and inclusive of all who are part of the school community; the children, the teachers, with the many families, and the wider parish community. We believe this statement reflects the many and varied partnerships that we share here at St Elizabeth’s. We also take this opportunity to welcome those families, who are new to the community, especially children in their first year of schooling.

After mass bring your picnic rug, yummy picnic and enjoy relaxing on our school oval. Get to know your school and parish community. We are looking forward to a spending a wonderful Sunday together. Tea and coffee will be available after mass.

**SHROVE TUESDAY:**
Shrove Tuesday - ‘Burning of the Palms’ Whole School and community Celebration. It will be held outside the PAC on Tue 28th Feb at 10:30am.
If you have any palms from last year’s Palm Sunday, please bring them to the office by Tuesday morning.
ASH WEDNESDAY:
Wednesday 1st March ‘Ash Wednesday’ whole school and community celebration at 10:30am.

RECONCILIATION COMMITMENT MASS: Saturday 4th March 6.30pm
The children who will be making this sacrament will also be making a formal commitment to their preparation during this mass. Their whole community will be invited to be at the mass to support them. All children making their 1st Reconciliation are asked to be at this mass with their families.

SCHOOL CHOIR:
Our school choir sang at all of our school masses last year and took pride and pleasure in leading our school in song. They have had opportunities to perform at assemblies, for our senior members of our community at the Regis Nursing Home and Waverly Shopping Centre. All students from Year 3 to Year 6 are invited to join the choir and attend practices on Monday’s at recess in the church. The School Choir led by Miss Lim welcomes all new members!

Student Wellbeing News

BERRY STREET
We thank all parents for their support allowing staff to attend a professional learning day last Friday. We worked with Catherine and Leonie from Berry Street Childhood Institute. The Berry Street Education Model (BSEM) is a whole-school approach that supports the development of students’ physical, psychological, social and emotional capacities. We know that some students find it hard to engage in their schooling for many different reasons. Through staff training, teachers will have a wider toolkit of strategies that they can use to support all students to be ready to learn and be the best learner and person they can be. I look forward to sharing more information with you in future newsletters.

Nan Perazzo

Rebecca Gage
gagere@sedandenongnth.catholic.edu.au

Learning and Teaching News
The start of the year is a really good time to set routines and expectations as a family. It is really important that students are being careful with their Chromebooks as replacing the screen is expensive. Some of the quotes we have seen range in price from $240 to $450! If you haven’t already spoken to your child about strategies to keep the Chromebook safe while travelling to and from school and where to store it at home, now might be the time to do so.
COMMUNICATION
One of the best ways for you to show your child you value their education is to be involved. This involvement can be in many different ways. Some of the ways are:

- Reading communication from the school such as the fortnightly newsletter and the level newsletters each term.
- Talking to your child about their day at school and asking what they learnt.
- Communicating with the teachers either face to face or via email. To help this I have included a list of the email accounts for the staff:

GOAL SETTING
One of the ways we work together with parents so that each child can be as successful as possible is by having Goal Setting Interviews. Next week, each level will be creating a video and written information that will be uploaded to the school website and will be able to be read in your choice of language. This will introduce who the teachers are that work with your child and explain what goes on in your child’s Learning Community to help them learn.

On Monday 20th February and Thursday 23rd February, the homegroup teacher will then meet with each family for 10 minutes to get to know each other and discuss the goals your child has set for themselves this year.

Rebecca Gage
Deputy Principal
gagere@sedandenongnth.catholic.edu.au

Chinese
Dear Parents,

I am delighted to have the opportunity to teach Mandarin language at St. Elizabeth's Parish School.

It is known to us that the Chinese language, as one of the world’s oldest and richest languages with over 5000-year history, is now a widely taught language across Australia. It is also a well-known fact that Australia is ever closer to Asia with its strong business and trading partnership with China that has been forged by the Australian Government. Statistics and research also show that there is a great demand for Chinese language skills in Australian industrial areas, Australia Post, and areas of science and technology in Australia. Dr. Jane Orton, an Honorary Fellow and Professor at the University of Melbourne stated in her latest essay: “Australia needs far more speakers with at least a basic proficiency in Chinese if it is to make the most of growing trade and cultural links with the Asian giant.”

In 2017, the students will be immersed in language and cultural study. A wide range of activities will be provided to actively engage the students in language study and increase their interest.
Students in Foundation, Year 1 and 2 will participate in an immersion program during the last week of each term.

In Year 3 and 4, the students will primarily use the AIM (accelerated integrated methodology) to learn a Play called: Xiaomao Zhao Jia (The Kitten Was Looking for a Home). They also learn about the Chinese culture and festivals such as Chinese New Year, Dragon Boat Festival and Mid-Autumn Festival. Other topics include: Pinyin System, Chinese capital cities, numbers, greetings, months and dates, time, family members and pets, nationality and personal interests. The students practice using the Chinese language through participating in action-related talk. For example, using gestures and rhythms, singing songs and doing dances. They complete tasks while relying on teacher modelling, prompts and repetition.

In Year 5 and 6, the students will continue using the AIM (accelerated integrated methodology) to learn a Play called: Xiao Ji de Gushi (Chicken Little). Cultural aspects include Chinese tourism, Chinese fables, technology world and Chinese traditional festivals. Other topics include: people, school, house, shopping and clothing. They continue using Chinese through participating in action-related talk. They complete more creative tasks such as role-plays, performances, projects, translating and writing.

Looking forward to working with your child.

From
Iris Ai
Chinese teacher
iai@sedandenongnth.catholic.edu.au

Mathematics, Design, Creativity and Technology

Dear Parents,

Welcome back to term one Mathematics, Design, Creativity and Technology! We have a very busy and exciting term ahead of us.

During Term One, the students will focus on their fine motor skills so that the students can correctly handle and identify the equipment we use in class. We will use pastels, fine liners, rulers and scissors when creating our designs. I will be incorporating shape and pattern as my Mathematical focus and use “The Very Hungry Caterpillar” in the Foundation area as a focal point to introduce these concepts. The 1/2 children will invent and design an animal using inspiration from the internet and online games.

Kind regards,
Kaelyn Howe
khowe@sedandenongnth.catholic.edu.au

Media Arts and Digital Technologies – Level Overviews

Foundation
During Term One, the Foundation students will begin their journey and explore the digital world. The students will start their digital experience through the Seesaw App. They will learn how to use iPads safely and learn how to take care of devices. Through photos, audio, drawing and videos our students will experiment and choose independently different ways to display their
learning. This will allow them to draw meaningful links between the classroom, home and their emerging digital world.

**Years 1 and 2**
In Term One, the students learn how to safely use media technologies in media arts practice. They develop their role as an artist in their media artworks, and ways to respond to media artworks as an audience. They will create photos, draw and record videos and compare how media can be presented to an audience as well as experimenting with ideas and developing characters and settings through stories using images, sounds and text. They will be encouraged to reflect on their learning using the App Seesaw. This will allow them to draw meaningful links between the classroom, home and their emerging digital world.

**Years 3 and 4**
During Term One, the students will be using their Chromebooks to explore their place in the digital world. The students will understand their place in the world of digital citizenship and develop an understanding of their place and role as responsible digital citizens in our school. Students use media technologies safely in their media arts practice. They increase their understanding of the role of the artist and of the audience, and consider how and why audiences respond to media art works. Students also consider ethical issues when making media artworks. They will create meaningful links with their learning and focus on communication of their ideas, digital literacy and security and self-protection whilst using technology.

**Years 5 and 6**
During Term One, the students will be developing using their Chromebooks and use technologies safely in their media arts practice. They consider the role of responsible media practices for organisations who distribute media art works, and the role of communities and organisations in regulating access to media artworks. Students also consider ethical issues when making media artworks. They explain the purpose and processes for producing media artworks. They experience media arts from a range of cultures, times and locations including social, cultural and historical contexts.

Gary Young  
gyoung@sedandenongnth.catholic.edu.au

---

**Performing Arts Overviews - Term One 2017**

**Foundation**
In Term One, the students will begin exploring music and movement. Using their voice and instruments they will begin to experiment with new songs and chants and explore sound using stories and rhyme. They will begin to communicate their ideas and respond to the contrasting sounds present when creating music. They will be able to understand and copy simple beats and rhythm patterns.

**Years 1 and 2**
In Term One, the students will continue their exploration of music and movement. Using their body, voice and instruments they will experiment with singing new songs and chants. They will be introduced to improvisation and encouraged to explore their creativity with sounds. They will be encouraged to use their imagination and explore why they make the decisions that they do when creating music. They will demonstrate increasing accuracy when performing and will be able to communicate their ideas to an audience.
Years 3 and 4
During Term One, the students will be using their imagination and creativity to explore their voice, movements and instruments. They will focus on pitch, rhythm, dynamics and tempo and clearly express how these elements of music influence their creative choices. They will be encouraged to improvise and perform original compositions and document their ideas. They will perform songs and chants, from different cultures, and learn new musical terminology.

Years 5 and 6
During Term One, the students will delve into stories and how music can convey messages when words are not enough. They will experiment with their voice, instruments and their bodies to create sounds and effects. They will perform songs and chants, from different cultures, and learn and use new musical terminology. We will explore movement and dance as the students begin preparations for their Cross Arts in Term Two.

Dana Kroenert
Performing Arts
dkroenert@sedandenongnth.catholic.edu.au

Sports News
Dear St. E’s Families

It’s great to be back for 2017 and see the students that little bit older and a little bit taller than last year. I hope you have all had a great Christmas and enjoyed spending quality time with your children.

I have spent a small amount of time with our new foundation kids and we played a few "chasey" and balancing games. In Term One we will be focusing on the most basic of fundamental motor skills that involve movement. They include running, jumping, hopping and dodging.

Our Year 1s and 2s will also be learning and improving their fundamental motor skills that involve movement but at a more advanced level. We start to combine our movement skills and have a purpose. We play games such as "High Five Relays" and "Poison Ball" that enable us to master our dodging skills whilst running.

Our older students are taking on the sport of Soccer for Term One. We are all learning the key skills of dribbling, passing and shooting. Later in the term, the program will culminate in our own Gala Game Day - a St. E’s World Cup of sorts. Our Year 3s and 4s are beginning to learn the strategies behind offence and defence. Our older Year 5s and 6s will be consolidating their team sport strategising as well as organising their own teams and training drills.
St. Elizabeth’s are offering Gymnastics for an after school activity. The program will be ran by professionally trained Gymnastics instructor Kathy from Koala Gymnastics. To secure your spot, please email me on dandrew@sedandenongnth.catholic.edu.au

WHERE: P.A.C.
WHEN: Wednesdays 3.30 till 4.30 pm
STARTS: Wednesday 15th February
COSTS: Free

Yours in Sport

Dean Andrew
Sports Coordinator
dandrew@sedandenongnth.catholic.edu.au

Numeracy
The F – 4 Number Intervention Program focuses on Number, assessing where a student is in their mathematical development, both in their number knowledge and the strategies they use to solve problems and then applying intervention strategies to build student confidence and help them attain success in mathematics. This is achieved through targeted teaching, which is developmental and based on developing mental strategies. It is delivered in small groups or one-to-one. In Semester One, this program will be offered to selected Year 4 students.

The program is delivered in three parts, building on from the student’s Early Number Knowledge.

- **Part 1** focuses on developing Number Word and Numeral Sequences from 1 to beyond 1000, forwards and backwards, and the reading and writing numerals from 2-digit to beyond 4-digits.
- **Part 2** focuses on how numbers are structured and in turn provides the student with strategies to initially solve addition and subtraction problems.
- **Part 3** focuses on Place Value.

Alongside our Intervention Program we are now introducing a similar whole class structure and activities to our Junior School. Foundation began this last year and the teachers were very pleased with the children’s learning and how the Maths sessions were structured, as it enabled them to work with each child daily, giving them a clearer understanding of where each child was at in their mathematical journey. Years 1 and 2 began last year with the counting component. The children were split into groups across the two learning Communities and focused on developing their Number Word Sequences at their point of need. For example, some children focused on numbers to 20 while others focused on numbers above 1000. This year, the Year 1 and 2 will incorporate the same structure and activities into each Maths session.

I can’t wait to see the results!

Lyn Dennett
Numeracy Leader/F-4 Number Intervention Leader
ldennett@sedandenongnth.catholic.edu.au
St. Elizabeth’s Community

The Community Social and Fundraising group would like to invite all parents, grandparents and careers to come along to a meeting held on Thursday 16th February 2:20pm – 3pm. It is a nice way to meet other parents, grandparent and careers as well as having a voice in the fundraising activities for our school. We are planning on discussing the upcoming Chocolate Drive (2nd term) and the Mother’s Day Stall.

Looking forward to meeting you there.
Trixie Martin
marttr@sedandenongnth.catholic.edu.au

News from The Nook.

Welcome to the new school year.

The Victorian Premier Reading Challenge is due to open in March this year. The challenge is a great way of encouraging children to read or be read. Children in Foundation, Years 1 and 2 need to have 30 books read (20 of which are required to be from the Reading Challenge list), children in years 3, 4, 5 and 6 are required to read 15 books, 10 of which need to be from the Reading Challenge list) The challenge usually ends just before the end of term 3. All children to successfully complete the challenge will receive a certificate from The Victorian Premier Reading Challenge, usually just in term 4, so in the meantime please keep a list of the books that your child is either reading or has been read to. More information on The Premier Reading Challenge coming.

A reminder that The Nook is open before school and after school for parents, grandparents and careers to come into to enjoy a cuppa (self-serve via the kitchenette). This is a great time to get to know each other.

Please be aware that the foundation students are coming into class and leaving class via The Nook.

The BookFair (Booksale) begins in The Nook Monday 13th February and ends on Thursday 23rd. Open before school, after school and during Parent Information/Goal Setting afternoons and evenings. Come along and have grab a bargain.

Trixie Martin
marttr@sedandenongnth.catholic.edu.au
The service offers a huge variety of options in the format of a 2 course lunch at $7.95 or a 3 course lunch at $9.65. There are over 30 options to choose from which also incorporate gluten free, dairy free, nut free and vegetarian options.

The service is available on **Mondays** and **Wednesdays** only.

Parents who would like to use this service simply order their child’s meal through our school **Tiqbiz** app and select Classroom **Cuisine** quick link.

Once an account has been created, you can place an order and pay by VISA or MasterCard. Orders can be placed, cancelled (i.e. if student is absent) and paid for up until 8.30am on the day lunch is required. The option to pre-order lunches in advance is also available.

When ordering your child’s lunch it is very important you know their class (i.e. 1/2DB, **not just Yr 1**) to help with the distribution of lunches. Once the orders arrive at school, they are distributed to classes at lunch time (1.35pm)

For further details or queries about ordering, payment, food options or procedures please contact **Classroom Cuisine**. This can be via the **Tiqbiz App** or their website [classroom.cuisine.com.au](http://classroom.cuisine.com.au).
LUNCH ITEM ONE

A Two Course Lunch is $7.75 and a Three Course Lunch is $9.65

ORDER ONLINE UP TO 8:30AM ON THE DAY THE LUNCH IS REQUIRED!

LUNCH ORDERS AVAILABLE MONDAYS & WEDNESDAYS

ST ELIZABETH’S PRIMARY
Adult Computer Course ... ongoing
Commencing in The Nook (School Library)
**Monday 13th February 1pm to 3pm.**

*This course is run by Keysborough Learning Centre.*

Learn how to use:
- Internet
- Digital Photos
- Email
- Microsoft Word

The course is a very user friendly and aimed at your own place.

Either come along and join in or ring
Trixie on 9795 5258 to book a place.
Nazareth College News

Nazareth College has a number of Open mornings this term ~

- 11.30am - 1.00pm Sunday 12 February
- 9.00am - 10.30am Wednesday 15 February

We would like to take this opportunity to introduce Boutique Estate Agency.

We represent a genuine hands on approach which has lead the way in local real estate services. Located on the border of Dandenong North and Mulgrave whilst covering a wide network of suburbs from Clayton right through to Berwick makes Boutique Estate Agency able to cater to a large portion of the south eastern corridor.

As the only Real Estate Agency located in Dandenong North. We are committed in supporting our local schools and businesses to ensure we maintain great relationships and provide exceptional services throughout the area.

As part of this commitment we are happy to contribute $500 to St Elizabeth’s Parish School for every time a property is SOLD or PURCHASED by a family member of a student of the school.

It’s our way of saying thank you for supporting your local businesses.
